(SE-51)

2. Action: Approved as amended.

Through Mid-1955  
(NIE-95)

3. Action: Agreed that the Board of National Estimates will incorporate changes expressing the sense of the IAC discussion in a new draft. An attempt will be made to secure approval by contacting IAC members. Failing this, another meeting by the Committee will be held on this estimate.

Proposal to Strengthen  
Certain Intelligence  
Information Collecting  
Activities (IAC-D-73)

4. Action: The members agreed that the specific problems of foreign publication and map procurement raised in Mr. Armstrong's letter (Tab A to the document) were of concern to their agencies and that maintaining the flow of publications and maps at approximately present levels was essential to their operations. The Director announced that he would consult the Director of the Bureau of the Budget with reference to CIA providing funds as an emergency measure to support those publication and map procurement positions being abolished as a result of Foreign Service budget reductions. The longer range considerations involved in this problem of inadequate funds for intelligence collecting activities were postponed for consideration by the IAC at a later date.
